INITIAL REACTION I

ere's a fun way to exercise your mind. We've assembled a list of 36 compound words and two-word phrases that have something in common — their first halves start with c, and their second halves start with c (as in carbon copy). We've provided crossword-style clues for each one, some straightforward and others downright tricky. For example, if we gave the clue **Black Forest export**, the answer would be **cuckoo clock**. As a small hint, the answer phrases have been arranged in alphabetical order. Good luck!
